

P. ANKITA JENA

ankitajena0975@gmail.com | [Linkedin](#) | [GitHub](#) | Bhubaneswar(open to relocation)

EDUCATION

Sri Sri university — B.Tech , Computer Science & Engineering

Specialization : Artificial Intelligence & Machine Learning | CGPA: 8.95 / 10

2024 Aug – Present

SKILLS

Languages: Python, Java, C, HTML5, CSS3

Tools: Git, GitHub, Vercel ,VS code

Concepts: Component Architecture , Artificial Intelligence, Machine Learning, Neural Networks, IoT, Web Development

PROJECTS

SAFAR — AI-Based Travel Companion | <https://github.com/Ankitajena12/SAFAR>

Python | Supabase | HTML | CSS | JavaScript

- Developed an AI-powered web-based chatbot to simplify travel planning through conversational interfaces.
- Features include personalized destination suggestions based on user preferences like budget, location, and dates.
- Assists users in planning itineraries, accommodations, and transport options (train, flight, etc.).
- Built using a Python-based backend and modern front-end web technologies for an intuitive user experience.
- Aimed at reducing manual effort and time in travel planning through real-time AI interaction.

GlowAI — AI-powered skincare assistant | <https://github.com/Ankitajena12/GlowAI>

Python | LangChain | ChromaDB | Sentence Transformers | Groq API | Flask

- Delivers context-aware skincare recommendations by retrieving semantically relevant knowledge based on user skin profile and concerns
- Generates personalized routines and ingredient guidance by augmenting LLM responses with real-time Reddit community data
- Supports multimodal input (voice + image) for dynamic skin analysis and triage to dermatologist resources

CERTIFICATIONS

AI for Entrepreneurship — Intel & NITI Aayog (Atal Innovation Mission)

March 11, 2025

Completed the micro-learning module on applying AI in entrepreneurial contexts, certified by Intel India.

ACHIEVEMENTS & EXTRACURRICULARS

- Presented Aarogya Saathi -an offline-first AI health assistant concept for rural India - at Sri Sri University Ideathon, 2026
- Runner-Up in Poster Competition on Sustainable Development Goals (SDGs).
- Volunteered at a seminar organized by DADB, a company partnered with a German organization — contributed to event coordination and outreach.
